

CONFLICT MATERIALS STATEMENT

DIE-CASTING, CNC MACHINING & POWDER COATING

Ref: Inquiries on -
Conflict Metals or
Dodd-Frank Wall Street
Reform and Consumer
Protection Act in 2010:
Section 1502 - Conflict
Minerals.

As a downstream supplier of Metal Products

Daften Die-casting Ltd

undertakes due diligence to determine if 'conflict minerals'
are used in the Materials we purchase.

Conflict minerals are described as Gold (Au), Tantalum (Ta),
Tungsten (W) and Tin (Sn) that are sourced from the
Democratic Republic of Congo or adjoining countries from
mines controlled by non-governmental military groups.

We have reviewed our existing supply base, and can confirm
that there is no indication that any products manufactured
by Daften Die-casting Ltd contain conflict minerals.

As part of the approval of new suppliers, we will request
confirmation that materials we will purchase do not contain
conflict minerals and a self-declaration is also required that
the full supply chain process of our metal suppliers has been
assessed to confirm this.

If you have any further questions, please
do not hesitate to contact us.
